

Create Your WSU CloudCME Profile

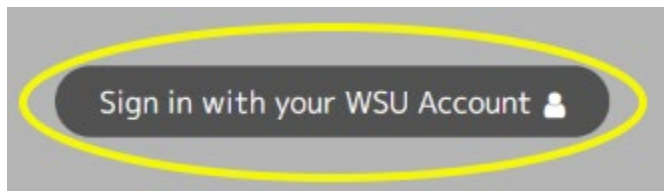

A WSU CloudCME profile is required to participate in CME activities and manage your educational record. Whether you are attending, teaching, or planning activities, CloudCME keeps all of your CME-related information organized and accessible while ensuring compliance with accreditation requirements. Below are instructions to access and complete your WSU CloudCME Profile account.

Step 1: Go to wsu.cloud-cme.com

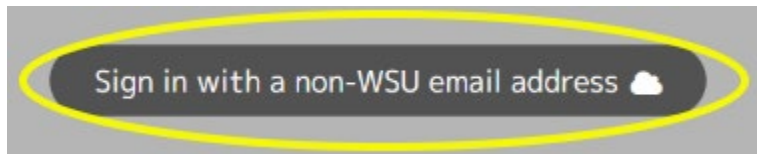

Step 2: Select **Sign In** from the top bar menu.

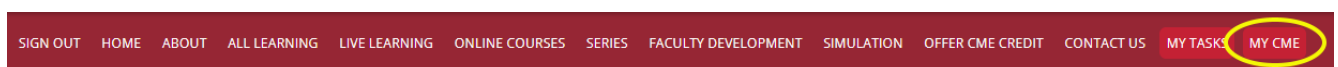

If you have a WSU email address, choose “Sign in with your WSU Account.” You will be prompted through the single-sign-on process.

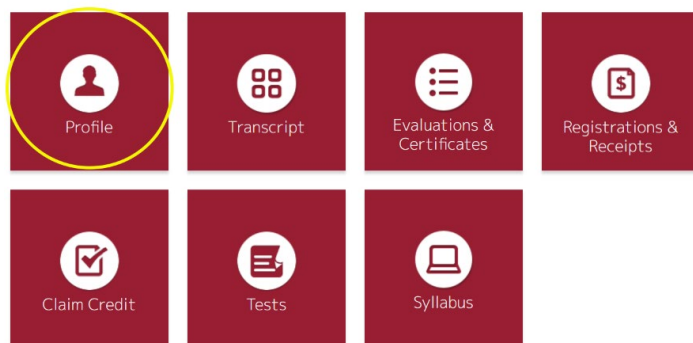

If you do not have a WSU email address, choose “Sign in with a non-WSU email address.”

Step 3: Select the [My CME](#) button on the far right of the top bar menu.

Step 4: Select the **Profile** tile.

Step 5: Complete all required fields and select “Submit” at the bottom of the page. Your account has been created.
